GEOLOGIC INVESTIGATION OF MAGNETIC IRON ORES IN WESTERN NORTH CAROLINA AND EASTERN TENNESSEE. 1940-1943.

<u>Item Number</u>	<u>Description</u>
NO-08312	Envelope with a draft copy of a 44-page report (with revisions and editor's comments) entitled "Preliminary Report on the Magnetite Iron Ores of Western North Carolina and Eastern Tennessee". The report's introduction states: "This report is concerned primarily with the Cranberry belt in Avery County, North Carolina and Carter County, Tennessee, but brief consideration is given also to other magnetite deposits in Mitchell, Madison, and Ashe Counties, North Carolina." Most illustrations and tables are missing. An unsigned, handwritten sheet states that field work was done April through July 1943. The report is labeled "Confidential – not for public inspection or quotation".
MA-01740	Map folder with one map entitled "Preliminary Map of Cranberry Mine, Avery County, North Carolina". Mapping by Hamilton (1919) and USGS (1943). The map is labeled "Confidential. Not for public inspection".

GEOLOGIC INVESTIGATION OF ALUMINOUS LATERITIC SOILS OF HAITI AND THE DOMINICAN REPUBLIC. 1943-1949.

NO-06493	Envelope with two copies of a one-page report entitled "Notes on foraminiferal rocks from the Dominican Republic submitted by H.R. Bergquist", by T. Wayland Vaughan. Also included are five sheets of correspondence related to the geology and sampling of aluminous lateritic soils for this project. 1945-1949.
NO-11842	S.S. Goldich. Field notebook with plane-table notes for mapping in the Saint Croix, Tranquille, and Trahison areas, Haiti. 1943-1944.
NO-11843	S.S. Goldich. Field notebook with drill hole and chemical analysis data related to field investigation of lateritic soils in Haiti. 1943-1944.
NO-11844	S.S. Goldich. Field notebook with geologic notes and sketches and survey data related to field investigation of lateritic soils in Haiti. 1943-1944.
NO-11845	S.S. Goldich. Field notebook with geologic notes and sketches and survey and sample data related to field investigation of lateritic soils in the Dominican Republic. 1944-1945.
NO-11846	S.S. Goldich. Notebook with chemical analysis data for samples of lateritic soils from Haiti and the Dominican Republic. 1944.

Published as: U.S. Geological Survey. Bulletin 953-C. 1947.

Published as: U.S. Geological Survey. Bulletin 954-C. 1948.

GEOLOGIC INVESTIGATION OF ALUMINOUS LATERITE DEPOSITS IN NORTHWESTERN OREGON. CIRCA 1945.

- NO-08311 Expandable envelope with two folders:
- Folder 1. Typed copy of a 68-page report (with revisions and editor's comments) entitled "Aluminous Laterite (Ferruginous Bauxite) Deposits in Northwestern Oregon", by Samuel S. Goldich and Gordon L. Bell. Figures listed in the table of contents are missing. No date.
 - Folder 2. Copy of the Oregon Department of Geology and Mineral Industries Short paper No. 12, "High Alumina Iron Ores in Washington County, Oregon" by F.W Libbey, W.D Lowry, and R.S. Mason, 1944, with annotations. This publication is cited in the Goldich-Bell report. 1944.

GEOLOGIC INVESTIGATION OF BAUXITE DEPOSITS OF THE PALAU ISLANDS. 1947-1954.

- NO-11847 S.S. Goldich. Field notebook 1 with geologic notes and sketches and sample data related to field investigation of bauxite deposits of the Palau Islands. 1947.
- NO-11848 S.S. Goldich. Field notebook 2 with geologic notes and sketches and sample data related to field investigation of bauxite deposits of the Palau Islands. 1947.
- NO-11849 S.S. Goldich. Field notebook 3 with survey data related to field investigation of bauxite deposits of the Palau Islands. 1947.
- NO-11850 S.S. Goldich. Field notebook with geologic notes and drill hole data related to field investigation of bauxite deposits of the Palau Islands. No date.
- NO-11851 Expandable envelope with two folders:
- Folder 1. Draft copy (with editor's comments) of a 52-page report entitled "Bauxite Deposits of the Palau Islands", by Josiah Bridge. Pages in back of report with photographs and illustrations are unnumbered. Several folded plates are bound into the report. 1946.
 - Folder 2. Draft copy (with editor's comments) of an 85-page report entitled "Preliminary and Incomplete Report on the Soils of the Palau Islands", by A.J. Vessel. Also included are two sheets of correspondence between S.S. Goldich and A.J. Vessel. 1954.

Published as: U.S. Geological Survey. Military Geology Section. Preliminary report on the bauxite deposits of Babelthuap Island, Palau Group. 1948.

**GEOLOGIC INVESTIGATION OF BAUXITE DEPOSITS IN BRAZIL.
1952.**

- NO-11852 S.S. Goldich. Field notebook 1 with geologic notes and drill hole data related to field investigation of bauxite deposits of Brazil. 1952.
- NO-11853 S.S. Goldich. Field notebook 2 with geologic notes and sample data related to field investigation of bauxite deposits of Brazil. 1952.
- NO-11854 S.S. Goldich. Field notebook 3 with geologic notes and sample data related to field investigation of bauxite deposits of Brazil. 1952.
